Why have you decided to have your child evaluated by a Chiropractor?

He/She is continuing ongoing care from another chiropractor.

I recently had my spine checked and understand the value in getting my child checked.

I have concerns about his/her health and I'm looking for answers.

He/She has a specific condition and I've learned that chiropractic may be able to help. I want to improve my child's immune function.

Wellness Profile

The human body is designed to be healthy. The primary system in the body which coordinates health and function is the nervous system. Your nervous system is surrounded and protected by the bones of the spine, called **vertebrae**. Many of the common health challenges that adults experience have their origins during the **developmental years**, some starting at birth. Layers of damage to the spine and **nervous system** occur as a result of various **traumas**, **toxins and emotional stress**. The result may be misalignment to the spinal column and damage to the nervous system in a condition called **Vertebral Subluxation**. Please answer the following questions to give us a better understanding about your child's state of wellness and factors which may be contributing to vertebral subluxation and impeding your child's **ability to heal**.

What signals has your child's body been communicating?

PREVIOUS CURRENT PREVIOUS	CURRENT	PREVIOUS
Asthma	Frequent Diarrhea	Failure to Thrive / Slow Weight Gain
Respiratory Tract Infections	Constipation	Slow or Absent Reflexes
Sinus Problems	Flatulence	Asymmetrical Crawling or Gait
Ear Infections	Headaches/Migraines	Weight Challenges
Tonsillitis	Neck Pain	Bed Wetting
Strep Throat	Torticollis / Head Tilt	Sleep Problems
Frequent Colds / Croup	Trouble Feeding on One Side	Night Terrors
Recurrent Fevers	Back Pain	Tip Toe Walking
Eczema	Growing Pains	Regression of Milestones
Rashes	Scoliosis	Seizures
Allergies	Red, Swollen, Painful Joint	Tremors / Shaking
Food Sensitivites	Colic	ADD / ADHD
Digestive Problems	Frequent Crying Spells	Autism / PDD
Do you have a specific concern that brings you in? No, I'm interested in having my child's nervous system assessed to achieve optimal health and functioning. Yes: If yes, please answer the following questions: Does your child appear to be in pain or discomfort? How long has your child been experiencing this? Is it getting better, worse or staying the same? Was the onset sudden or gradual? Have you seen other health professionals regarding this complaint? No if Yes, whom?		
What treatment did they use? Has your child taken any medication for this of	complaint? No Yes	
Has your child ever experienced this complain		
Has your child ever experienced this complaint before? No Yes		
Has your child had x-rays in relation to the current complaint? No Yes

Goals & Consent
Do you feel your child is developmentally appropriate for their age: Intellectually: Yes No
What is your primary goal for your child at our clinic?
Our goals are to provide a detailed assessment of your child's current health status and provide to you the resources for a highly engaged and healthy child whose body is functioning at its absolute peak potential while they grow. Essential to this healthy growth is a nervous system functioning free from interference called subluxations. You've taken an important step for your child's future through a chiropractic evaluation!
Consent to Evaluation of a Minor Child
Ibeing the parent or legal guardian of,
(print name of consenting adult) (print name of minor)
hereby grant permission for my child to receive a chiropractic evaluation including history, spinal scan, examination and x-rays if warranted. Any findings will be communicated before consenting to commencement of care, if appropriate.
